The National Language Translation Mission has been named BHASHINI. The mission BHASHINI was launched by the Hon'ble PM during Digital India week in July 2022. Later it was decided by the Ministry of Electronics and Information Technology (MeitY), that the mission should be implemented by a newly formed Independent Business Division (IBD) under Digital India Corporation (DIC).

Mission BHASHINI's commitment extends to fostering a resilient content ecosystem that is bolstered by technological support specifically tailored for Indian languages. The platform aims to facilitate widespread access to open-source data and efficient translation tools, strategically positioned to address the needs of a vast and diverse population. With a vision "harness natural language technologies to enable a diverse ecosystem of contributors, partnering entities and citizens for the purpose of transcending language barriers, thereby ensuring digital inclusion and digital empowerment in an Aatma Nirbhar Bharat" the BHASHINI platform is poised to serve as a digital public good, contributing significantly to linguistic accessibility and technological empowerment on a national scale.
